

About The Artist

As the owner of N's Whims and a member of *Create Waunakee*, Natasha has been designing her distinctive jewelry pieces and making people feel beautiful for 17 years. Over the last several years she added mosaic creations to her repertoire. She both creates and curates the materials in her pieces by cutting, hammering and scoring cool shapes out of metal and glass, hand-torching her enamels, and searching the

world for rare, complex-colored natural stones and the highest quality Czech glass. Magic happens when she brings all these elements together, adding her unique flair and unconventional compositions to current trends. The outcomes of her artistic alchemy are signature statement pieces that awe many.

Join Natasha as she walks you through the steps of creating a large mosaic in your own home just like she did! From finding the right space, to tools & supplies, Natasha will cover it all in this fun hands-on workshop. After the presentation, participants will be able to create their own mosaic switch plate to take home!

WORKSHOP INFO

Do you love the thought of creating your own mosaic piece but have no idea how to start? Are you intimidated by the idea of "going big" or do you simply want to learn more about the process? If so, then this workshop is for you!

Registered participants will receive the following:

- ◆ (1) Single Opening Switch Plate*
- ◆ All supplies needed to create your project
- ◆ Presentation and helpful tips & information for creating mosaic pieces both large & small

*We suggest bringing a light switch plate right from your home (any kind) so you know that it will fit your space.
